

## Spitzer Cycle-5 Time Allocation Committee

|                            |                       |                               |                          |
|----------------------------|-----------------------|-------------------------------|--------------------------|
| Lori Allen                 | SAO                   | Knox Long                     | STScI                    |
| Richard Arendt             | GSFC                  | Mordecai-Mark Mac Low         | AMNH                     |
| Travis Barman              | Lowell Obs.           | Piero Madau                   | UC Santa Cruz            |
| Pauline Barmby             | Western Ontario       | Suzanne Madden                | CEA Saclay               |
| Eric Bell                  | Heidelberg            | Matt Malkan                   | UCLA                     |
| Geoff Blake                | Caltech               | Ciska Markwick-Kemper (Chair) | Manchester               |
| Joris Blommaert            | Katholieke U. Leuven  | Anthony Marston               | ESA                      |
| Jeroen Bouwman             | MPIA                  | Ron Marzke                    | San Francisco State      |
| Jesse Bregman              | NASA Ames             | Stephan McCandliss            | Johns Hopkins            |
| Crystal Brogan             | NRAO                  | Stan Metchev                  | UCLA                     |
| Adam Burgasser             | MIT                   | Robert Millis (Chair)         | Lowell Observatory       |
| Matt Burleigh              | Leicester             | Glenn Morrison                | CFHT                     |
| Daniela Calzetti (Chair)   | Massachusetts         | Mike Muno                     | Caltech                  |
| John Cannon                | Macalester            | David Neufeld                 | Johns Hopkins            |
| Deepto Chakraborty (Chair) | MIT                   | Chris O'Dea                   | RIT                      |
| Phil Choi                  | Pomona                | Eric Perlman                  | Florida Inst. Tech.      |
| Ed Churchwell (Chair)      | Wisconsin             | Mike Politano                 | Marquette                |
| Geoff Clayton              | Louisiana State       | Mari Polletta                 | IAP                      |
| Paul Crowther              | Sheffield             | Richard Rand                  | New Mexico               |
| Michael Cushing            | Hawaii                | Michael Regan                 | STScI                    |
| Daniel Dale                | Wyoming               | Jane Rigby                    | OCIW                     |
| Romeel Dave (Chair)        | Arizona               | Dimitra Rigopoulou            | Oxford                   |
| Suzan Edwards (Chair)      | Smith College         | Ken Rines                     | Harvard                  |
| Eiichi Egami               | Arizona               | Andy Rivkin                   | Johns Hopkins            |
| Moshe Elitzer              | Kentucky              | Jessica Rosenberg             | George Mason             |
| Richard Ellis              | Caltech               | Huub Rottgering               | Sterrewacht Leiden       |
| Bruce Elmegreen (Chair)    | IBM                   | Larry Rudnick                 | Minnesota                |
| Neal Evans (Chair)         | Texas                 | Janet Simpson                 | SETI                     |
| Sandy Faber (TAC Chair)    | UC Santa Cruz         | Gordon Stacey                 | Cornell                  |
| Harry Ferguson (Chair)     | STScI                 | S. Adam Stanford              | UC Davis                 |
| Don Figer                  | RIT                   | Letizia Stanghellini          | NOAO                     |
| Alberto Franceschini       | Padua                 | Alan Stockton                 | Hawaii                   |
| Karl Gordon                | STScI                 | Jack Sulentic                 | Alabama                  |
| Keith Grogan               | JPL                   | Linda Tacconi (Chair)         | MPE                      |
| Brad Hansen                | UCLA                  | David Thilker                 | Johns Hopkins            |
| Alan Harris                | German Aerospace Cen. | Toshiya Ueta                  | Denver                   |
| Terry Herter               | Cornell               | Kevin Volk                    | Gemini                   |
| Deidre Hunter              | Lowell Obs.           | Dan Watson                    | Rochester                |
| Rosina Iping               | GSFC                  | Ann Wehrle                    | Space Science Inst.      |
| Doug Johnstone             | Victoria              | Benjamin Weiner               | Arizona                  |
| Luke Keller                | Ithaca College        | Scott Wolk                    | SAO/Chandra              |
| Serena Kim                 | Arizona               | Laura Woodney                 | Cal State San Bernardino |
| Anton Koekemoer            | STScI                 | Gareth Wynn-Williams          | Hawaii                   |
| Richard Kron               | Chicago               | Howard Yee                    | Toronto                  |
| Mark Kuchner               | NASA GSFC             | Min Yun                       | Massachusetts            |
| Varsha Kulkarni            | South Carolina        | Nadia Zakamska                | Princeton                |
| Shih-Ping Lai              | National Tsing Hua U. | Albert Zijlstra               | Manchester               |
| Warrick Lawson             | UNSW, Canberra        |                               |                          |
| Emeric Le Floch            | Hawaii                |                               |                          |
| Henry Lee                  | Gemini-Chile          |                               |                          |
